New Era

A care facility for those with medium to mild Autism, Cerebral Palsy and Down Syndrome in their early teens to mid thirties

Head East

A community based service for people with an acquired brain injury (ABI) and their families

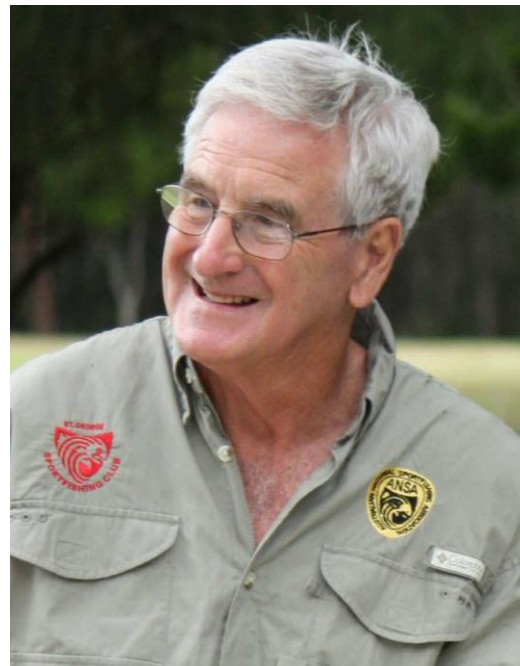

Typical users of this service would be stroke, injury or illness suffers of any age group

Carers

Also provides a break for the carers

The workshops are being run by a small but dedicated group of ANSA NSW members who donate their time

Hyperactive tendencies

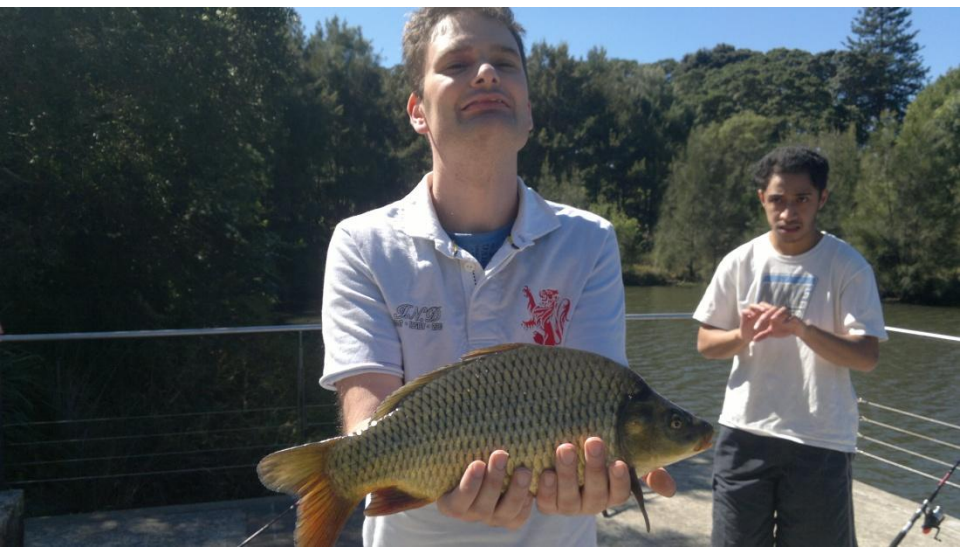

Nervous twitches

Minimal motor skills

It's the experience

Feeding the ducks – Having a picnic – Enjoying the outdoors
