President's Report

It has been a massive year once again at ANSA NSW HQ as we seem to be forever tackling the big issues impacting us as anglers in NSW. Looking around the playing field it is getting quite clear that more will have to be done to stop the erosion of our rights as anglers in NSW to access the resource and protect the habitat.

It is logical that more habitat=more fish. Habitat degradation, destructive commercial fishing practices, water quality and pollution are the issues we need to continually monitor and our own ethical handling of fish we release has to be on that list. Looking around the playing field it is evident that more of this burden is being shouldered by ANSA NSW and its Committee and Executive, so for that we should all be grateful. My job as President is to corral the Committee and Executive and keep a watchful eye on them as they all do a fantastic job on the behalf of members of ANSA NSW and inadvertently the anglers of NSW.

It is a huge testament to the fact that the ANSA NSW brand is recognisable through our advocacy, leadership, projects such as Angel Rings, NEWTAG and Fishing 4 Therapy and is constantly seeking and giving advice to the Government of the day and keeps fighting the good fight as custodians and good stewards of our marine environment in NSW.

The comprehensive outline that follows in the following reports should give you all some insight into the issues we tackled over the year but should also motivate your Club to pick up the ball and take on some of these issues at your local level.

Issues like the Super Trawler, Commonwealth Marine Reserves, Fisheries Amendment Bill, Bag / Size limit changes and the Commercial Fishing Reforms have been issues we have been involved in. The calling for new nominations for the NSW Recreational Fishing Advisory Council will hopefully also see some ANSA NSW members put their hands up for these positions.

We had an election in NSW that saw the previous Government reinstated, but without any significant gains to recreational fishing. Considering that in Victoria and Queensland similar elections at the same time saw huge inroads and support for recreational fishing and the establishment of net free zones, that NSW still needs more of. Maybe we need a change of Government to get recreational fish back in the limelight, but alas that is at least two years away, so in the mean time we will soldier on.

Finally I want to thank all the members of ANSA NSW, the ANSA NSW affiliated Clubs that make it all happen and the State Executive and Committee who bring it all together each and every year. The Annual Report will give you some insight into the jobs that are required to keep the ship on an even keel and then throw the "issues" into the mix and it becomes a very hectic 12 months of dealing with all this, but once again we have come through unscathed and still maintaining a good relationship at all levels. We should all be proud that ANSA NSW is held in high regard within the Government and media and once again we can safely say that all the work we undertake on behalf of ANSA NSW members does make a difference.

Stan Konstantaras
President
ANSA NSW

Vice President's Report

2014/15 was another very busy year for ANSA. Increasingly recreational fishing is being challenged on so many fronts it has become an almost daily event keeping up with the many issues that confront us at a NSW and National level. Listed below is a snapshot of the many important issues where ANSA has taken a leading role in advocating for the rights of recreational fishers and the preservation of our fishery resources.

- Commonwealth Small Pelagic Fishery and the Geelong Star – National peak body campaign to curtail / stop the activity of large scale factory / trawler vessels in key recreational fishing locations.
- Commonwealth Marine Reserve roll out – National peak body campaign to ensure that recreational fishers are not locked out of proposed reserves.
- Hawkesbury Bioregion Marine Park - Ongoing dialogue with government and stakeholders to ensure best outcomes for recreational fishers.
- NSW Bag and Size Limit Review. Submission.
- NSW SBT Boat and Bag Limit review. Submission.
- NSW Commercial Fishing Review. Submission.
- NSW Fisheries Management Act Review. Submission.
- NSW Boat Trailer “On Street” Parking Review. Submission.
- NSW Ministerial Fisheries Advisory Council - Priorities and Challenges. Submission.
- NSW Marine Estate Management Authority – Marine Estate Priorities. Submission.
- NSW Proposal to list Gemfish as Vulnerable Species and restrict fishing. Submission.
- NSW Proposal to list Smooth Hammerhead Sharks as vulnerable species. Submission.
- Commonwealth Proposal to list Scalloped, Smooth and Great Hammerhead sharks as threatened species. Submission.
- NSW Regional Boating Plans. Submission re more boat ramps, jetties and off street trailer parking facilities.
- NSW Crown Land Review. Ongoing campaign for preservation of recfisher access.
- No Netting in Hawkesbury/ Shoalhaven/ Tuggerah Lakes. Ongoing campaign to have these locations declared as Recreational Fishing Havens.
- Sydney Harbour Marine Park. Ongoing campaign to have Sydney Harbour declared a Recreational Fishing Haven and fishing access rights preserved.
- Grey Nurse Shark Management Plan – Ongoing stakeholder representation.
- Grey Nurse Shark Rescue project – Project observer.

Many of these issues are still being actively pursued by ANSA with the ambition of preserving and enhancing our recreational fishing amenity. Additionally ANSA remains a key driver behind other projects such as –

- ANSA Citizen Science – Mulloway Research/Tagging – ANSA Newtag Project in partnership with NSW Fisheries and managed by ANSA NSW.
- Fishing 4 Therapy – an acclaimed provider of recreational fishing activities for those afflicted by acquired brain injury
- Fishing and Water Safety – including safety education and awareness for recreational fishers, Angel Ring installations and constructive input into the debate over compulsory life jackets for rock fishers.
- Engagement in the development and roll out of a National recreational fishing education programme.
- Meaningful Inclusion of recreational fishing in the Commonwealth Fisheries Management Act and its NSW equivalent.
- Effective representation and voice in the eventual implementation of a resource sharing protocol for Commonwealth and State fisheries.

- Negotiating offsets for loss of fishing access or environmental damage – we hope to build upon our success in achieving a \$5million compensation package for loss of access and environmental damage to Botany Bay – this package will see 2 new offshore artificial reefs, a fishing jetty and additional boating access to Botany Bay installed over 2016.
- Continued pressure on agencies such as the EPA, Sydney Water, Councils and several large corporate entities in connection with several fish kills across the state and for the prosecution of known offenders and imposition of appropriate penalties.
- Lobbying against the dredging of Abbot Point and the dumping of spoil on the Great Barrier Reef to cater for the shipping of coal from the controversial Adani mining project which hopefully will not proceed.
- Lobbying against the discharge of contaminated waste water into NSW river systems as a consequence of Coal Seam Gas extraction operations at various locations.
- Lobbying for government recognition of the RFA of NSW as the official State peak body for all NSW recreational fishers.

ANSA also continues to play an important stakeholder role on an extremely diverse range of issues via its membership of national, state and international peak bodies such as –

- ARFF – The Australian Recreational Fishing Foundation
- Recfish Australia
- RFA NSW
- IGFA

Additionally ANSA maintains a close professional working relationship with Commonwealth and State government agencies such as AFMA (Australian Fisheries Management Authority), DAFF (Department of Agriculture Fisheries and Forestry), FRDC (Fisheries Research Development Corporation), NSW Dept of Primary Industries (Fisheries), Commonwealth and NSW Departments of Environment, NSW Roads and Maritime Services (RMS), NSW EPA and many others and maintains regular dialogue with politicians of all persuasions at a Federal and State level.

ANSA also continues to have representation on bodies such as the NSW Licence Trust Expenditure Committee (RFSTEC) and until recently the NSW Advisory Council on Recreational Fishing (ACORF) which is being replaced with the Recreational Fish NSW Advisory Council (RFNSW). ANSA is confident that it will get at least one regional representative on this new Council.

ANSA also holds executive roles on the NSW Fish Habitat Partnership and Ozfish Unlimited which are two relatively new bodies set up to actively promote and coordinate stakeholders in major fish habitat rehabilitation projects. Positions are also held on consultancy committees such as the Port Botany Community Consultative Committee and the Orica Botany Liaison Committee which deal with major commercial impacts upon Botany Bay and groundwater contamination remediation.

On reflection this is a remarkable level of activity by a small group of dedicated individuals who volunteer an enormous amount of their free time and who are capably assisted by those others on the ANSA NSW and National Executive who play an equally important volunteer role in keeping the day to day membership activities and administration of ANSA running smoothly and professionally. A special thank you is warranted for all involved.

John Burgess
Executive Officer/ Director. ANSA Ltd
Vice President. ANSA NSW

Secretary's Report

Another eventful year has past and the committees' commitment has once again been put to the test. Needless to say, the committee passed with flying colours.

Once again, ANSA was called to stand up, defend and curtail various issues to ensure that our members' rights and those of every recreational angler in NSW and throughout the country were upheld and protected. Our membership can be assured that ANSA has been well represented at both a State and Federal level.

The committee has worked hard to ensure that membership renewals were processed. This was a big challenge for our membership officer Pat Ashbury and treasurer Tony Steiner. Big thanks to both of you.

The committee ensured that all the latest updates for the ANSA NSW 12 Month Competition, ANSA Convention Circuit and Records were distributed as regularly as possible. This is a massive job. Well done to our recorders for records and competitions, Bruce Tozer and Travis Anderson. Thanks for your commitment throughout all the year.

Our project co-ordinators, Stan Konstantaras, Tony Steiner and Chris Anagnostou have performed exceptionally well with our Angelring, Fishing 4 Therapy and Newtag projects in the last year. Recognition at all levels of Government, both at a State and Federal level has been massive. More lives saved through the Angelring Project, successful and useful data gathered through our Mulloway Tagging Project and national recognition for our Fishing 4 Therapy Project. Well done gentlemen.

To the remaining committee and other volunteers, THANK YOU! Your commitment is very much appreciated and I look forward to working with you all once again.

Promotional Material

As you must all be aware, ANSA promotes itself through what it does and stands for, but if you are looking to promote ANSA through your clubs or at conventions or your local community do not forget that ANSA has promotional brochures available and there is always ANSA ware that can be purchased. If you need any more information on promotional gear, please get in contact with me and I will guide you through the process.

Committee Meetings

The Committee meets quarterly during the fishing calendar year with its most recent meeting being August 2015. Don't forget clubs are more than welcome to attend committee meetings as they see fit. It probably would not be a bad idea to come and see how things are run at a State level. It can be very rewarding and many hands make light work. We are always looking for new enthusiastic club members to join the committee and help run ANSA NSW.

The Email Database

The ANSA NSW email database currently hosts all ANSA NSW affiliated Clubs. Most of the Clubs on the database have minimum one contact. In total, the database hosts more than 120 points of contact, which includes Sportfishing NSW members. As in previous years, the electronic mailing system has really helped ANSA NSW operate more efficiently, economically and has aided their capability for distributing up to date information quickly. Hundreds, if not thousands of emails are distributed to all our member clubs each year. If you are not receiving electronic information from ANSA NSW please let me know and I will most definitely add you as a contact to the database. Do not forget, ANSA NSW has an email protocol and your addresses will be used for distribution of ANSA NSW information only.

Club Newsletters

It was very encouraging to see that ANSA NSW Clubs are sending out more newsletters than ever before. It was especially encouraging that information distributed by ANSA NSW featured in the newsletters. Well done to all those club volunteers that put their newsletter together. Keep up the great work!

The Website.

The ANSA NSW website is the central information hub for all ANSA NSW members. It is a vital tool for distributing information, so make sure you visit at least once a month for any new updates. Not all information is distributed direct via email.

The ANSA NSW website has been maintained regularly through the past 2014/2015 year and is currently up to date. Anything you would need to know about how ANSA NSW operates, how to start a club, how to join ANSA, competition updates, and record updates etc is on our website. We even have a photo gallery with some great photos of fish our members catch.

Facebook.

ANSA NSW has a Facebook page. Currently the Facebook page has more than 200 likes, but we would really like to see more people like the page. So if you haven't liked the page yet, do it right NOW!! Log on and like ANSA NSW on Facebook.

<https://www.facebook.com/ANSANSW>

The ANSA NSW Committee is always here to service our membership efficiently and effectively, so please do not hesitate to approach the committee about anything.

Enjoy your year and stay safe,

A handwritten signature in black ink, appearing to read 'Joe Garufi', written in a cursive style.

Joe Garufi
Secretary
ANSA NSW Branch

Treasurer's Report

The following report is for the ANSA NSW financial calendar year 2014/2015. The report also provides a budget forecast for 2015/2016 and compares the budget forecast to the actual costs for the 2014/2015 year.

The year finished with a deficit of \$26,251.10, primarily due to the Grant funds for the Angelring and Fishing 4 Therapy projects being exhausted and an amount from the main account being used to fund expenses for the projects. We also fulfilled our commitment to fund \$5000 to our Newtag Project for Mulloway Tagging. ANSA NSW also purchased a new stock of angelrings and stands for an approximate amount of \$4100. After all the bills for the year were settled, this left ANSA NSW with end of year total funds on hand of \$10,260.13 (main account) and \$1200.18 (project account).

In total, the project account to date is in debt to the main account for an approximate cost of \$2800, which will be reimbursed when the next round of approved funding is received into our accounts.

This year the Angelring project received a total income of \$3750, which was an on-charge of angelring tracking to Western Australia, while Fishing 4 Therapy received \$3000.00 as a final payment for its grant. No new grant funding was received.

The notable changes in the coming year's 2015/2016 budget versus the actual 2014/2015 figures are predominantly in two areas; (rounded off amounts):

- Member fee's down \$2200 (representing a drop in income)
- Post, stationary, travel, promotions up by \$2200

As Treasurer I would like to thank the other Committee members for their ongoing support and help through the year and I look forward to what I hope is going to be a growth in membership and member involvement for 2015 - 2016.

Tony Steiner
Treasurer
ANSA NSW

Here's to a successful 2015-2016

Pat Ashbury
Membership Registrar
ANSA NSW

Recorder's Report - Competitions

My first year on the state committee has flown by. It has been a real eye opener to see just how much work certain members of the committee are involved in behind the scenes and the considerable amount of time and effort involved to do so. ANSA would cease to exist without the dedication of these people.

Taking on the role of competitions recorder has been a learning experience but made far easier by the assistance provided by the likes of both Pat Ashbury and Joe Garufi and I will be more than happy to take on the role again into the future.

ANSA NSW 12 Month Competition

This competition was a pleasure to run. Almost every entry was submitted electronically and it was not uncommon for fish to have been caught and submitted to me within 24 – 48 hours of capture.

The disappointing aspect of the 12 month competition however, was that numbers were down across the board. This year saw only 46 anglers submit fish down slightly from 49 the year before. These anglers represented only 9 ANSA clubs which was a 25% drop from the 12 clubs represented the previous year.

Total fish recorded was down significantly from 157 in 2013/14 to just 112 this year. A number of sections only had fish placed into them in the final month. This is extremely disappointing especially since many other great captures were recorded throughout the fishing year but never entered.

The most popular fish species entered was Australian Salmon (14) followed by Brown Trout (10) and Dusky Flathead (9).

Tag & Release was again the most popular division with 19 entries followed by Lurefishing Saltwater with 9 entries and Length Only Salmon in third position with 8 entries.

Congratulations to all the winners and place-getters in this year's competition.

Yet again, Wollongong won the race in this year's Champion Club division mainly due to the fact that they actively place fish into every available section.

Hopefully next year we see all those top captures by ANSA members across the state entered into the 12 month competition to make it a more competitive and exciting event.

ANSA Convention Circuit (ACC)

A total of 615 ANSA members attended the 7 conventions that make up the ACC this year, which is a 6.8% drop in attendance over the preceding 12 months. Unfortunately next year the ACC will only consist of 6 conventions as due to low numbers, the Talbingo Convention hosted by the Wagga club over the past decade will no longer be held. This is a real shame as I have had the pleasure to fish it 3 out of the past 4 years and it was an excellent and well run competition taking in some great country.

Unlike the 12 month competition, the ACC **was not** a "pleasure" to be involved with. It was a struggle to get the results sent through from a number (not all) of the clubs, which as a result meant that a current, up to date ACC report was not achieved. In addition on many instances we had people entered as ANSA members who were either not financial or their fees had not been

forwarded onto state prior to fishing the convention. This is something all club treasurers need to be aware of. A simple call to the state treasure (Tony) to say the fees are on the way is all that is required to get around this in the future. There were also instances of people being entered into incorrect divisions. (Seniors fishing as Juniors). In the future it may be necessary to include the DOB on entry forms for junior and sub junior participants.

That aside, those who attended these competitions had a great time. My son Aaron and I had the pleasure of representing the Wollongong Club at 4 conventions this year and we had a great time at all of them, catching up with old friends and making new ones.

A big congratulations to all the winners and place getters in this year's ACC which was hotly contested in several divisions.

Let's see if we can't stop the trend of declining attendance next year.

| Convention | ANSA Attendees 2014-15 | ANSA Attendees 2013-14 |
|------------------------------|------------------------|------------------------|
| Glenbawn | 85 | 89 |
| Talbingo | 15 | 23 |
| Burrinjuck | 117 | 126 |
| Nowra | 78 | 86 |
| Narooma | 71 | 89 |
| Sydney | 164 | 177 |
| Lake Lyell | 85 | 70 |
| Total ANSA Attendance | 615 | 660 |

JUNIORS RULE.....almost 3 to 1 ratio on record claims so far this year, **check out some of the catches below**

The record charts are up to date as of the end of July and can be seen on the ANSA NSW web site.

- Thanks obviously go to parents and friends for putting in the effort to take their kids fishing and if you need further inspiration check out the ANSA web site to see a full list of their fishing abilities.

Chelsea Rustein's 7.56 European Carp on 3kg fly gear.

Aaron Anderson's 11.7kg Dolphin Fish on 6kg line.

Kobi Robinson 5years old

2.24 Salmon on 1kg line.

Alex Pearce a Junior capture of a Murray Cod (released) 950mm length.

Great to be on the water...my best effort this year...85cm Flathead out of my kayak...i am a lure only fisherperson...only way to go.

Keep those entries coming in...Happy Fishing.

Masters Keeper's

The ANSA Masters system was designed to develop fishing skills, initially with a bias towards fishing with light lines, however over time it has evolved in order to provide the angler with additional challenges in categories such as; Tagging, non Line Class, Freshwater Impoundment "Length Only", and "Species" Master Awards to name just a few.

Whilst this year's nominations for Masters Awards were low, it was good to see the continuation of a growing trend in applications beyond the line based categories.

On behalf of the ANSA NSW committee and our members, congratulations to the following recipients:

Anthony Heiser (Canberra Fisherman's Club) for achieving his first Masters Award – Sportfishing 10.

Glen Malam (Canberra Fisherman's Club) for achieving his third Masters Award - Sportfishing 20

Phil Turner (St George Sport Fishing Club) receives a special mention for now holding five Masters Awards with the addition of Length Base Species – Whaler Shark and Length Base Species 20 – Whaler Shark

I would also like to encourage all clubs to have a look at the breadth of Masters Awards that are available as we would like to see many more awards being granted next year, and because you are a competitive group, the following leader board of total Masters Awards may encourage a few more applications:

| | |
|----------------------------------|-----|
| 1. Wollongong Sport Fishing Club | 152 |
| 2. St George Sport Fishing Club | 120 |
| 3. Canberra Fisherman's Club | 112 |
| 4. Nowra Sport Fishing Club | 103 |
| 5. Newcastle Sport Fishing Club | 96 |

Regards,

Rob Sinclair
ANSA NSW Masters Keeper

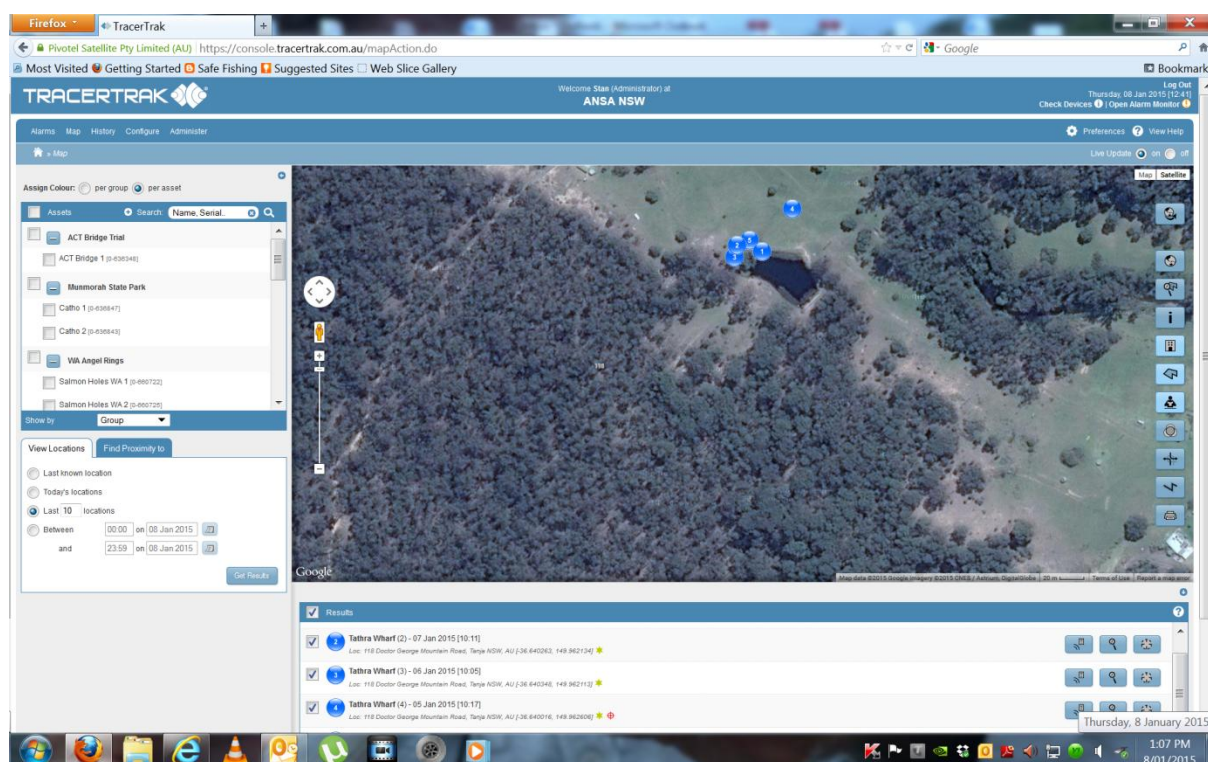

Angel Ring Coordinator's Report

The Angel Ring Project continues to provide public rescue equipment for anglers and coastal users under the management of ANSA NSW.

As part of the original funding deed we had planned to allocate \$16,500 for additional trackers in Angel Rings but we are still working on incorporating a new model of tracker into the ring and will undertake this in 2015/2016. The original trackers had a 7 year lithium battery life and the battery was not replaceable. Essentially we had the manufacturer of the rings mould the rings, then cut them open, insert the tracker and then seal the cut and then fill them as per standard with foam. We made a decision that a 7 year life was a good investment and after then the tracker was redundant and we needed to replace the whole ring / tracker again. Last year they took the 7 yr battery off the market and replaced it with a 2 yr replaceable battery model that allows us to change the batteries and are now faced with having to make a removable portion / cavity in our rings so we can keep changing the batteries. This is what we are currently working on.

We did have another win with the trackers when a ring went walkabout from Tathra Wharf and was recovered and reinstated by the local Police. I made a quick call to the police at Bega (who were very annoyed about the theft), who made a visit to the property and questioned the owner. This resulted in a \$300 fine being issued and the angel ring being recovered and put back on its post. Police said they initially wanted to take it further but felt sorry for the old lady on the property who said a friend had "found" the angel ring and dropped it off in her dam.

Below is a screenshot of our tracking console showing the ring in and around the dam.

Below is a snapshot of the project management to date and the ensuing 6 rescues in the ensuing period. These are all confirmed rescues.

The most recent rescue involved a 10-year-old boy was washed from the Evans Head breakwall in heavy weather and saved by bystanders who threw him a bucket and then an Angel Ring attached to fishing line. He was then able to be brought to shore. The boy was playing in the storm-swell waves along the wall when he was washed in and pulled 20 metres out to sea by the strong outgoing tide.

It is both rewarding to keep the project running and saving lives. It is disheartening to see anglers and coastal rock platform users losing their lives, but we will keep spreading the word and getting our hands dirty rolling out new rings and replacing missing rings.

With over to 130 rings installed and 62 confirmed lives saved to date, it takes a lot of hard work to keep on top of things and with that in mind I would like to take the chance to thank all those who help ANSA NSW manage the project, including our members, the ALBAA Team and other anglers and also the community who keep an eye on installations.

Stay Safe, Don't Put Your Life on The Line

A. Konstantin

Angel ring Coordinator.

Special Projects – Fishing 4 Therapy

2014 – 2015 has been a challenging year for the team.

The programme has continued to develop due to the growing needs of our regular attendees, as we try to work on methods of extending mile-stones for individuals to achieve, along with the help and guidance of their carers and their families.

We continue to develop purpose type equipment for individuals, while also trying to streamline what we make so that it can be shared across other groups, such as modifications to walking frames or hands free rod equipment.

Our groups have remained the same, but grown in numbers. We have maintained trying to work with specific individual groups per disability, such as one for ABI, one for Autism, one for depression, and a new general group where they are invited to join in with the general public. This is proving to be the fastest growing group as it provides for new relationships to be made and an interaction that otherwise may not happen. Those with depression or Terminal illness are able to mix with our other normal attendees and interact on a level not normally seen. The main reason is due to the fishing being the common link and everyone's need to share a fishing story or offer some help. Quite often we hold a bbq and disabilities are forgotten over a snag or homemade chocolate cake – everyone contributes something.

This seems to work well on all attending, as the F4T members are pre-chosen based on our feelings of the type of interaction & help needed v's the regular attendees and what they are comfortable with. Our only issue is the loss of attendee's due to passing from their illness's and the impact it can have – however this is also part of dealing with life and something the carers feel is just as important.

Our funding application for \$64,000 was successful and will open time allocations for new groups to join in, from different areas of disability.

We currently are working with these main disability sectors:

Autism; Acquired Brain injury; Depression; Stroke / Heart attack;

Family Relationships; Terminally Ill; Physical Rehabilitation;

We are also talking with others about groups for; Grief Counselling, Blind adolescents; Aged care; Trips for kids from the Hospital with their siblings.

2014 – 2015 has been very rewarding and 2015 – 2016 is looking to be our biggest and most diverse year to date. The funding is opening new doors and publicity plus word of mouth is bringing in new requests of help on a regular basis.

I would like to thank our dedicated and well intentioned volunteers for all the help and time they provide on a regular basis. The relationships they develop with the attendees are invaluable and form a large part of the trust element that makes this programme so successful.

Tony Steiner
Special Projects Officer
Fishing 4 Therapy
ANSA NSW.

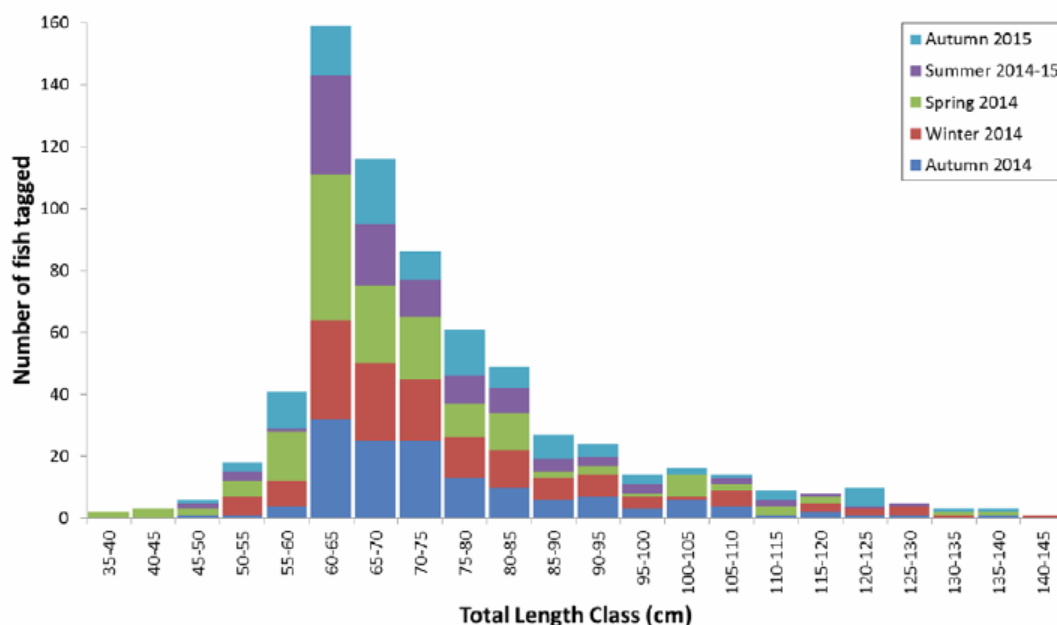

Special Projects – Mulloway Tagging

NEWTAG Tagging Report 2014 / 2015

With the help of a dedicated group of anglers and Julian Hughes from DPI we have had another great season for the NEWTAG pilot mulloway tagging project. Julian crunches the numbers for NEWTAG and provides us all with valuable insights that he shares with us below.

NEWTAG Taggers tagged another 113 mulloway over autumn 2015 bringing the grand total to 675 mulloway tagged since the start of this component in March 2014, almost 70 of these being fish of over a metre in length. The majority (81%) of autumn-tagged fish were caught on lures with just 22 fish taken on bait, but regardless what technique was used, this is a hugely impressive effort from all involved in the tagging program.

Length frequency of mulloway tagged as part of the NSW RAP-ANSA tagging project since its commencement March 2014.

Of these 113 fish, 82 came from Sydney Metro region thanks to the predictably superhuman efforts of Chris Cleaver with 19 fish tagged (including a 130 cm model) and Dan Selby's Sydney Sportfishing Adventures clientele with 18 tagged fish (featuring 4 fish between 109 and 122 cm). These fish came from some of the most heavily fished systems on the east coast, if not the whole of Australia, making the numbers even more impressive. Speaking of impressive two cracker autumn mulloway were tagged in Broken Bay both caught on lures – Bob Gordon's cracking 120 cm fish was followed by Dean Overhall's 136 cm beast which was the largest mulloway tagged over autumn (and the equal third largest tagged overall!). However, our two most prolific taggers overall weren't the most prolific over autumn 2015, Chris and Dan "pipped at the post" by Andrew Talbot and his amazing tally of 20 fish, all tagged in the underestimated Port Hacking system.

Another 28 fish were tagged from north of Sydney ably led by Mark Saxon from Castaway Estuary Fishing Charters with 10 fish tagged from the Hastings River. This area also saw some impressively-sized fish tagged over autumn with Mick Leavey's 120 cm fish from Yamba, Duncan Crocket's 121 cm fish from South West Rocks and Kieran Hill's 124 cm fish from Newcastle all topping 120 cm mark.

Stuart Hindson played a lone hand for South Coast mulloway taggers managing to tag and release a couple of lovely South Coast fish out of Wagonga Inlet.

Tag! Dan Selby with tagged mulloway A585173 on 13th April 2014 just prior to release. Photo courtesy Dan Selby.

Recapture! Justin Attard with mulloway A585173, 355 days later on April 3rd 2015. Photo courtesy Justin Attard.

Tag #A585408: found in a 110 cm mulloway caught by Riagan Dowling at Stockton Beach. Put there by George Armao 349 days earlier at the Georges River! Photo courtesy Joel Edwards.

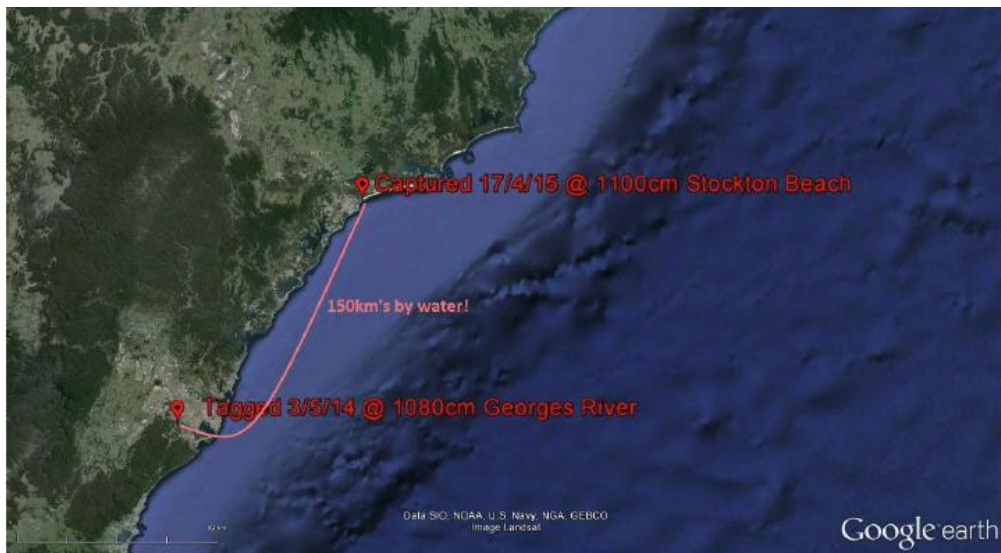

A family affair! Peter, Tom and Jack had a top autumn day's fishing with Dan Selby tagging and releasing this horse of a Hawkesbury mulloway. Photo courtesy Sydney Sportfishing Adventures.

As if this autumn's tagging result weren't already impressive enough, we also saw seven tagged mulloway recaptured over autumn 2015. Amazingly, of these seven fish, the amount of time an autumn-recaptured mulloway spent at liberty was a minimum of 100 days with two fish out there for almost an entire year! This is a great achievement as it quite clearly demonstrates that a mulloway tagged as part of this component of NEWTAG will retain its tag for a long period of time, long enough to reveal some fascinating insights into the movements and growth of mulloway in NSW. And just to demonstrate how awesome this information can be is the example of a tagged 110 cm mulloway caught by Riagan Dowling fishing Stockton Beach on the 17th of April this year. This fish had been tagged almost a year earlier (349 days) when 108 cm in length by George Armao in the Georges River (Sydney) approximately 150 km to the south – quite the journey, even for a solid fish metre-plus mulloway.

Remarkably, we had a tagged fish at liberty for even longer than this recaptured in autumn with Justin Attard's 85.5 cm fish pictured above caught at Wisemans Ferry on April 3rd tagged by Dan Selby way back on April 13th 2014 when just 76 cm long. This was one of 3 mulloway tagged by Dan in the Hawkesbury which were recaptured in autumn, the others being a 110 cm fish which had grown 2 cm in its 244 days at liberty before being recaptured at Berowra Creek and a 98 cm

fish which had grown 3 cm in its 309 days at large before being apprehended by one of Australia's most renowned mullet hunters, Sol Bannura, at Bobbin Head

Tagged mullet #A585408's amazing journey! A 108 cm mullet tagged by George Armao in the Georges River (Sydney) travelled approximately 150 km to Stockton Beach (Newcastle) in 349 days where it was recaptured by Riagan Dowling at 110 cm long. Image courtesy Newtag – NSW Tagging Program – Mullet.

Given the truly staggering number of mullet out there that have been tagged by Chris Cleaver (126 at last count), it is almost inevitable that his fish get recaptured regularly and this season was no different with another 2 mullet tagged by Chris being recaptured in autumn. Both fish were tagged and recaptured in the Georges River, a 70 cm fish which had grown 10 cm in 282 days (0.35 mm per day!) caught by Anthony Pucc and a 78 cm fish caught by Wayu Jaya after 142 days growing 8 cm (0.56 mm per day) . And just to keep things “in the family”, our final autumn recapture was made by NSW mullet frame donor and Keen Angler Diarist Mike Hollis in the Hawkesbury River. Mike's 70 cm mullet was tagged exactly 100 days earlier by another NSW RAP frame donor and Keen Angler Diarist, Abdullah Atlihan, in the Hawkesbury River when 66 cm in length.

An eighty-something centimetre tagged mullet about to be released back into the very jewfishy waters of the mighty Hawkesbury River, hopefully to be recaptured by another lucky angler sometime down the track. Photo courtesy Sydney Sportfishing Adventures.

Top Five taggers for autumn 2015 (as of 31 May 2015):

| Tagger | No. fish tagged | Region |
|---------------|-----------------|----------------|
| Andrew Talbot | 20 | Sydney |
| Chris Cleaver | 19 | Sydney |
| Dan Selby | 18 | Sydney |
| Mark Saxon | 10 | Port Macquarie |
| Jamie Gauci | 9 | Sydney |

Top Five taggers overall (as of 31 May 2015):

| Tagger | No. fish tagged | Region |
|---------------|-----------------|----------------|
| Chris Cleaver | 126 | Sydney |
| Dan Selby | 92 | Sydney |
| Paul Blade | 51 | Coffs Harbour |
| George Armao | 28 | Sydney |
| Joel Edwards | 25 | Everywhere! |
| Andrew Talbot | 25 | Sydney |
| Mark Saxon | 25 | Port Macquarie |

Top Five largest fish tagged for autumn 2015 (as of 31 May 2015):

| Tagger | Total length (cm) | System |
|----------------|-------------------|-------------------|
| Dean Overhall | 136 | Broken Bay |
| Chris Cleaver | 130 | Botany Bay |
| Kieran Hill | 124 | Newcastle Harbour |
| Dan Selby | 122 | Botany Bay |
| Duncan Crocket | 121 | Macleay River |

Top Five largest fish tagged overall (as of 31 May 2015):

| Tagger | Total length (cm) | System | Season |
|---------------|-------------------|-------------------|-------------|
| Dan Selby | 144 | Hawkesbury River | Winter 2014 |
| Mark Pirie | 138 | Clarence River | Autumn 2014 |
| Dean Overhall | 136 | Broken Bay | Autumn 2015 |
| Clay Hilbert | 136 | Bellinger River | Spring 2014 |
| Joel Edwards | 134 | Newcastle Harbour | Spring 2014 |

The crucial data collected by this project will help us to learn more about the movements, growth and post-release survival of this iconic fish.

NEWTAG is about citizen science and Mulloway is the most ICONIC species we are researching as recreational anglers. We are looking at gathering more movement data, size and weight data and broader education around releasing them under the NSW Mulloway Recovery Plan. Let's not forget that we all want better recreational fishing outcomes for this ICONIC fish and at the same time want a viable commercial fishery in NSW with minimal impacts to this ICONIC fish.

Tagged mullocky interim recaptures for autumn 2015 (as of 11 April 2015):

| Tagging angler | Total length (cm) | Tagging location | Recapture angler | Recapture location | Total length (cm) | Days at liberty |
|------------------|-------------------|----------------------|------------------|---------------------|-------------------|-----------------|
| Dan Selby | 95 | Hawkesbury River | Sol Bannura | Bobbin Head | 98 | 309 |
| Chris Cleaver | 60 | Middle Georges River | Anthony Pucc | Georges River | 70 | 282 |
| Dan Selby | 76 | Hawkesbury River | Justin Attard | Wisemans Ferry | 85.5 | 355 |
| Dan Selby | 108 | Hawkesbury River | Neville | Berowra Creek | 110 | 244 |
| Abdullah Atlihan | 66 | Hawkesbury River | Mike Hollis | Hawkesbury River | 70 | 100 |
| Chris Cleaver | 70 | Lower Georges River | Wayu Jaya | Lower Georges River | 78 | 142 |
| George Armao | 108 | Middle Georges River | Riagan Dowling | Stockton Beach | 111 | 349 |

Roy Winter Memorial Trophy

Excellence in Rock Fishing

The inception of the Roy Winter Memorial Trophy occurred during the mid 1970's when Mr and Mrs Winter presented the Perpetual Trophy to ANSA in memory of their son Roy who passed away in his early 20's before he could achieve his fishing goals.

The trophy is not awarded as a matter of course each year but rather only when, if in the Committee's opinion, a significant capture has been made from the rocks during the competition year. Entries are not called for with the winners name usually obtained from examining all rock captures made from the 12 Month Competition.

| YEAR | ANGLER | DESCRIPTION |
|------|--------------------|--|
| 1976 | John Ashley | |
| 1977 | David Mayne | |
| 1978 | Ed Davis | 29.5 kg Longtail Tuna on 10kg line |
